Dear Jim:

Just a note of appreciation for all you did to make possible George Bush's appearance at our commencement of May 16th. His speech was of high caliber and I have heard many favorable remarks concerning his appearance here on campus and in the immediate area. We are certainly in your debt for assisting us in this matter.

Dorothy and I enjoyed meeting Mrs. Bush and also the opportunity of visiting with you and Hilary once again. We appreciated your attending the luncheon after the commencement.

Your own participation in our program was favorably received and I though your remarks were in keeping with the spirit of the occasion. I do hope that this will just be the first among a number of visits to the College and that we will have the pleasure of hosting both you and Hilary at our functions.

Dorothy joins me in sending you both our warmest best wishes.

Sincerely,

WALTER PETERSON
President

*Jim —
Good to see you in Union yesterday —
all the best!*
